

STOP PAYING PENNSYLVANIA INCOME TAX and HELP MMR FAMILIES AT THE SAME TIME!

The Commonwealth of Pennsylvania allows an Education Improvement Tax Credit (EITC) to businesses (corporations, sub S or entities that pay PA business tax via personal tax returns) when a donation is made to a school scholarship fund. The credit is a direct reduction of your taxes!

There is no minimum amount of donation and the tax credit is either 75% for a one year commitment or 90% for a two year commitment. You are limited only by the amount of tax you pay to PA (corporate net income, capital stock franchise, and others) up to a maximum of \$300,000.

The best part is that when you make your contribution through the BLOCS office, you can target the funds to needy MMR students or to other schools that you designate. What a way to spend your business tax dollars, especially during a time when family needs are so great!

To get more information call the BLOCS office at 215-587-0590. You can also check out the website at www.blocs.org to find out more and to complete and application. Or call Chuck Talaber in the parish office.
